Entered, according to Act of Congress, in the year 1860, by
THE AMERICAN BIBLE UNION,
In the Clerk's Office of the District Court for the Southern District of New York.

THOMAS HOLMAN, PRINTER AND STEREOTYPER, NEW YORK.

TO THE READER.

THE question may be asked: Why, in a revision of the English New Testament, professedly designed to represent the latest results of critical learning in all respects, is one particular instance of change distinguished, by being made the subject of a separate treatise? To this I answer:

1. The meaning of the Greek word BAPTIZEIN has been so obscured, by the denominational controversies which have sprung up within the last two centuries, that nothing less than a complete historical exhibition of its use, both in pagan and christian Greek literature, would suffice to place the matter in a clear light.

2. In substituting the literal English meaning of this word for its Anglicized form, in a revision of the New Testament for popular use, the writer feels that a just deference to public opinion, as well as to christian feeling, requires that the reasons of this change should be fully set forth. It is believed, that the method adopted in the investigation will commend itself to the candid inquirer. By allowing the impartial witnesses of antiquity to speak directly to the reader, he is placed in a position to judge for himself of the writer's deduction from their testimony, which is recorded in the revised text.

3. The exhibition of the grounds for this change is required, moreover, by the action of large and influential organizations in England and America, which chiefly control the work of Bible translation in heathen tongues. By these societies the principle has been formally adopted, that the Greek word BAPTIZEIN shall be universally transferred, and not translated, in versions under their patronage; and so stringently is this rule enforced, that even in mission-fields wholly destitute of the word of God, versions confessedly of the highest merit, in all other respects, have been rejected because in this there was a deviation from the rule. The Bible Society, for which I have the honor to labor, has adopted as its fundamental principle, to be applied to all its versions whether for the home or the foreign field,

747816

the faithful translation of every word capable of being expressed in the language of the version. This is, in the view of its managers and members, the only principle justly claiming to be catholic; and from its nature, it admits of no exception.

It seems proper, therefore, in presenting to the public a revised English version of the New Testament, in which this word is rendered into English, to show that the translation expresses its true and only import, and is not a sectarian rendering.

The entire argument is set before the English reader, in his own language; the authorities for the use of the Greek word being fully given, in translations made as literal as possible. These authorities are all contained in the portion of the page above the dividing line; and in this division of the page no foreign words are used. The translation of this word being indicated by small capitals (followed by the word itself in its Anglicized form), the English reader is as well able to judge of its meaning, from the connection, as the reader of the original Greek.

The examples of the common meaning and use of the word, in Sections I. and II., are from every period of Greek literature in which the word occurs. They include all that have been given by lexicographers,* and by those who have written professedly on this subject; and these, with the examples added from my own reading, exhaust the use of this word in Greek literature.

The quotations have been copied, in every instance, by myself or under my own eye, from the page, chapter, or section referred to. Special pains have been taken to make these references as definite and clear as possible, that any passage may easily be found; the author's name being given, the name of the treatise, and its divisions (if any are made), and the volume and page of the edition in most common use, or of the one accessible to me.

T. J. CONANT.

Brooklyn, N. Y., September, 1860.

* Basil. p. 256 (Steph. Thes.), "Sympathizing with those immersed in the sea" (*τοῖς ἐν τῇ θαλάττῃ βαπτιζομένοις συμπάσχοντες*) is not included among the examples, as the writer gives none except such as he has been able to verify, by reference to the passage and its connection.

EXAMPLE 1.

Polybius, History, book I. ch. 51, 6.* In his account of the sea-fight at Drepanum, between the Romans and Carthaginians, describing the advantages of the latter in their choice of a position, and in the superior structure and more skillful management of their vessels, he says:

"For, if any were hard pressed by the enemy, they retreated safely, on account of their fast sailing, into the open space; and

EXAMPLE 2.

The same Work, book VIII., ch. 8, 4. Describing the operations of the engines, which Archimedes constructed for the defense of Syracuse when besieged by the Romans, and with which he lifted the prows of the besieging vessels out of the water, so that they stood erect on the stern, and then let them fall, he says:

"Which being done, some of the vessels fell on their side, and some were overturned; but most of them, when the prow was let fall from on high, BEING SUBMERGED (BAPTIZED), became filled with sea-water and with confusion."

"Some [of the vessels] thrusting down, under a weight firmly fixed above, they sunk into the deep; and others, with iron hands, or beaks like those of cranes, hauling up by the prow till they were erect on the stern, they SUBMERGED (BAPTIZED)."

EXAMPLE 4.

Aristotle, concerning Wonderful Reports, 136.* Speaking of what the Phœnician colonists of Gadira (on the southern coast of Spain) were reported to have seen, when sailing beyond the Pillars of Hercules (westward of the strait of Gibraltar), he says:

"They say that the Phœnicians who inhabit the so-called Gadira, sailing four days outside of the Pillars of Hercules with an east-wind, come to certain desert places full of rushes and

* Born about 450 before Christ.

† A play on the two similar words (differing only in the first letter) 'tamias' *stewards*, and 'lamias' *sharks*, the former resembling the latter in rapacity as well as in name.

The significance of the Greek verb, in this connection, is aptly expressed by the English translator of these writings of Plutarch: "For he is much commended (saith he) for ducking the chamberlains." The word is, perhaps, used metaphorically here, as in Ex. 157.

On the Life and Poetry of Homer, II. 26.* Among other characteristics of Homer's manner, the writer mentions *Emphasis;* and after one example, adds:

"Similar also is that:

'*And the whole sword was warmed with blood.*'

For truly in this he exhibits very great emphasis; as if the sword were so IMBATHED (BAPTIZED), as to be heated."

The expression, on which the writer makes this comment, is used by Homer in the Iliad, book 21, line 476, after saying that Achilles drove his sword through the head of Echeclus. He uses it also in book 16, line 333, where he says that Ajax smote with his sword the neck of Cleobulus. In either case the writer's comment is just; the poet's expression implying, that the sword was so plunged in the warm blood as to be heated by it.

This reading of the passage, in Bekker's edition, is the one suggested by Bonfrer (on Num. ch. XIX), some words having evidently been repeated, in the common Greek text, by an error in copying. The common reading,[1] however, shows the same use of *βαπτίσαντες*, and is thus rendered in the Latin version: Paulum igitur hujus cineris in fontem immittentes cum hyssopi ramulo, ejusdemque cineris aliquantulum in aquam immergentes, a mortuo pollutos die tertia et septima *puri aliqui* conspergebant.

GREEK TEXT.

Charitonis Aphrodis. de Chærea et Callirrhoe amator. Narrat. lib. II. ch. 4 (*ed. D'Orville, p. 28*).

Τότ' οὖν ἰδεῖν ἀγῶνα λογισμοῦ καὶ πάθους. καίτοι γὰρ βαπτιζόμενος ὑπὸ τῆς ἐπιθυμίας γενναῖος ἀνὴρ ἐπειρᾶτο ἀντέχεσθαι. καθάπερ δὲ ἐκ κύματος ἀνέκυπτε λέγων πρὸς ἑαυτὸν· οὐκ αἰσχύνῃ, Διονύσιε, ἀνὴρ ὁ πρῶτος τῆς Ἰωνίας ἕνεκεν ἀρετῆς τε καὶ δόξης;[1]

Ejusdem lib. III. c. 2 (*ed. D'Orville, p. 42*).

Διονύσιος δὲ, ἀνὴρ πεπαιδευμένος, κατείληπτο μὲν ὑπὸ χειμῶνος, καὶ τὴν ψυχὴν ἐβαπτίζετο· ὅμως δὲ ἀνακύπτειν ἐβιάζετο, καθάπερ ἐκ τρικυμίας, τοῦ πάθους.

[1] Fortis enim vir, quamvis a libidine mersitatus, contra tamen tenere nitebatur, et, ut e fluctibus emergens, ipse sic ad se (*Reiske*).

EXAMPLE 94.

The same Work, book III. ch. 4. Describing the vessel of the pirates, who had plundered of its gold and jewels the tomb of Callirrhoe (prematurely buried), and finding her alive had sold her into slavery, and were now pursued by the vengeance of the gods, he says:

"For I saw a vessel, wandering in fair weather, filled with its own tempest, and WHELMED (BAPTIZED) in a calm."

The whole statement is figurative; representing, under the image of *its own tempest* (one within itself) and *foundering in a calm*, the desperate condition of the vessel and crew, abandoned to the elements and wandering without control, all on board but one having perished with thirst.

EXAMPLE 95.

Basil (the Great), Discourse XIV. Against Drunkards, § 4.* He says of the intoxicated:

"More pitiable than those who are tempest-tossed in the deep, whom waves receiving one from another, and over-WHELMING (BAPTIZING), do not suffer to rise out of the surge; so also the

EXAMPLE 96.

Josephus, Jewish War, book I. ch. 27, 1.* Relating the occurrence that led to the mock trial and condemnation of Herod's persecuted sons, he says:

"This, as a final blast, over-WHELMED (BAPTIZED) the tempest-tossed youths."

* See the remark on Example 53.

Overwhelm, as in the preceding example. The metaphor is derived from the effect of a sudden blast, bearing down upon (over) the shattered vessel, and whelming it in the deep.

EXAMPLE 97.

The same Work, book III. ch. 7, 15. The people of Jerusalem, expostulating with Josephus on his purpose to abandon the besieged city and its inhabitants to their fate, say to him:

"And that it did not become him, either to fly from enemies,

Hdwbch.), *to immerge repeatedly* (*wiederholt eintauchen*, Pape, griechisch-deutsches Hdwbch.), *to dip, drench, again* or *in addition* (Liddell and Scott, Greek Lex.), is not pertinent here; for the effect of the '*final*' and *overwhelming* blast is meant, not the repetition of something before experienced.

or to abandon friends; nor to leap off, as from a ship overtaken by a storm, into which he had entered in fair weather; that he would himself over-WHELM (BAPTIZE) the city, as no one would longer dare to make resistance to the enemy, when he was gone through whom their courage was sustained."

EXAMPLE 98.

The same Work, book IV. ch. 3, 3. Speaking of the evils inflicted by the band of robber-chiefs who found their way into the city of Jerusalem during the siege, he says:

"Who, even apart from the sedition, afterwards WHELMED (BAPTIZED) the city."

This natural and expressive image of trouble and distress occurs often in the Old Testament. For example, Ps. 69 : 2, "I am come into deep waters, where the floods overflow me;" VV. 14, 15, "Let me be delivered . . . out of the deep waters, let not the waterflood overflow me;" Ps. 18 : 16, 17, "He drew me out of many waters, he delivered me from my strong enemy." Job's afflictions are expressed under the same image (ch. 22 : 11): "The flood of waters covers thee." Compare Ps. 124 : 4, 5; 144 : 7; 32 : 6; Ezek. 26 : 19.

"And we indeed 'were washed,' who were among these but they who wash into this sensuality,* IMMERSE (BAPTIZE) from sobriety into fornication, teaching to indulge the pleasures and passions."

* He alludes here to the false teachers and corrupters of Christianity; who, instead of a doctrine that deters and cleanses from sin, taught the indulgence of it; and hence those immersed by them they 'washed' (as Clement expresses it) '*into* sensuality' instead of washing from it.

And she remained in the camp three days; and went forth by night* into the valley of Bethulia, and IMMERSED (BAPTIZED) HERSELF, in the camp at the fountain.† [8] And when she came up, she

Compare, in ch. 6 : 11, '*the fountains that were under Bethulia;*' ch. 7, '*and* [Holofernes and his horsemen] *viewed the passages up to the city, and came to the fountains of their waters, and took them;*' v. 17, '*and they* [the Ammonites and Assyrians] *pitched in the valley, and took the waters, and the fountains of the children of Israel.*'

There was evidently no lack of water for the immersion of the body, after the Jewish manner; namely by walking into the water to the proper depth, and then sinking down till the whole body was immersed.

† One of the oldest Greek manuscripts (no. 58), and the two oldest versions (the Syriac and Latin) read, '*immersed* (*baptized*) *herself in the fountain of water*' (omitting, '*in the camp*'). According to the common Greek text, this was done '*at the fountain;*' to which she went, because she had there the means of immersing herself. Any other use of water, for purification, could have been made in her tent.

"IMMERSING (BAPTIZING) HIMSELF from a dead body, and touching it again, what is he profited by his bathing?"

In this construction (*immerse from*), the writer puts the *means* for the *effect;* immersion of the body being the *means* (symbolically) by which one was *freed* from the pollution of contact with the dead.* This brevity of expression is so common an idiom in the sacred writings (and in the early imitations of them) that it has become a recognized figure of speech.† For example, 2 Cor. 11 : 3, '*so your minds should be corrupted from the simplicity that is in Christ;*' 'corrupted from,' that is, turned from by being corrupted,—the means put for the effect.

* '*Sprinkled from an evil conscience*' is the correct translation of Heb. 10 : 22, where also the writer puts *means* for *effect;* for the metaphorical application of the phrase here presupposes the literal use of the same form, and we must give the literal meaning, unless we would sink the writer's metaphor.

SECTION III.

Summary of the lexical and grammatical uses of baptizein.

---

1. Lexical use.

1. From the preceding examples it appears, that the ground-idea expressed by this word is, *to put into or under water* (or other penetrable substance), so as entirely *to immerse* or *submerge;* that this act is always expressed in the literal application of the word, and is the basis of its metaphorical uses. This ground-idea is expressed in English, in the various connections where the word occurs, by the terms (synonymous in this ground-element) *to immerse, immerge, submerge, to dip, to plunge, to imbathe, to whelm.*

2. These examples are drawn from writers in almost every department of literature and science; from poets, rhetoricians, philosophers, critics, historians, geographers; from writers on husbandry, on medicine, on natural history, on grammar, on theology; from almost every form and style of composition, romances, epistles, orations, fables, odes, epigrams, sermons, narratives; from writers of various nations and religions, Pagan, Jew, and Christian, belonging to many different countries, and through a long succession of ages.

3. In all, the word has retained its ground-meaning, without change. From the earliest age of Greek literature down to its close (a period of about two thousand years), not an example has been found, in which the word has any other meaning.

There is no instance, in which it signifies to make a partial application of water by *affusion* or *sprinkling*, or *to cleanse, to purify*, apart from the literal act of immersion as the *means* of cleansing or purifying.*

4. The object immersed or submerged is represented as being plunged, or as sinking down, into the ingulfing fluid or other substance; or the immersing element overflows and thus ingulfs the object. The former is the more common case. The latter occurs in Example 4, where rocks, overflowed by the tide when at the flood, are said not to be IMMERSED at ebb-tide; Ex. 13, where the violent current of a river, swollen by heavy rains, is said to have SUBMERGED many attempting to swim through it; Example 14, where animals are said to be SUBMERGED by the overflowing of the Nile; Example 19, the mariners attempting to row out of the harbor to sea, against the storm and the heavy swell, a lofty surge dashes over their little vessel and SUBMERGES it. In the metaphorical application of the word, both cases are recognized as the ground of the usage.

5. The immersing substance is usually *water*, that being the element in which the act most commonly takes place. Other substances mentioned are: *wine*, Ex. 84; *a dye* (for coloring) Exs. 79 and 80; *blood*, Ex. 67, comp. Ex. 42; *breast-milk* and *ointment*, Ex. 70; *oil*, Ex. 86; *fire*, Exs. 79 and 80; *brine*, Ex. 153; *mud* and *slime*, at the bottom of standing pools, Exs. 59, and 152; the human *breast*, Ex. 77; the *neck*, Exs. 68, 78; the human *body*, Exs. 72, 75, 76.

6. The word *immerse*, as well as its synonyms *immerge*, etc., expresses the full import of the Greek word BAPTIZEIN. The idea of *emersion* is not included in the meaning of the Greek

* When *part* of an object is said to be immersed, the word is applied to that part alone, and the rest of the object is expressly excepted from its application. Thus, in Ex. 6, the *oaken part* (of the fish-spear) is said to be IMMERSED, "and the rest is buoyed up;" in Ex. 7, the body is said to be "IMMERSED as far as to the breasts," all above being expressly excepted; so Exs. 11 and 38, in one of which the body from the waist upward, and in the other the head, is excepted.

word. It means, simply, to put into or under water (or other substance), without determining whether the object immersed sinks to the bottom, or floats in the liquid, or is immediately taken out. This is determined, not by the word itself, but by the nature of the case, and by the design of the act in each particular case. A living being, put under water without intending to drown him, is of course to be immediately withdrawn from it; and this is to be understood, wherever the word is used with reference to such a case. But the Greek word is also used where a living being is put under water for the purpose of drowning, and of course is left to perish in the immersing element. All this is evident from the following examples.

Example 28, "IMMERSING (BAPTIZING) so that he should not be able to come up again;" Ex. 27, "as you would not wish, sailing in a large and polished and richly gilded ship, to be SUBMERGED (BAPTIZED);" Ex. 41, "nor [knows] the pilot whether he saves, in the voyage, one whom it were better to SUBMERGE (BAPTIZE);" Ex. 43, "desiring to swim through, they were IMMERSED (BAPTIZED) by their full armour;" Ex. 48, "having SUBMERGED (BAPTIZED) his ship with much merchandise, then blames the sea for having ingulfed it full laden;" Ex. 51, "and the dolphin, angry at such a falsehood, IMMERSING (BAPTIZING) killed him;" Ex. 16, "pressing him down and IMMERSING (BAPTIZING) him while swimming, . . . they did not desist till they had entirely suffocated him;" Ex. 17, "being IMMERSED (BAPTIZED) in a swimming-bath, by the Gauls, he dies;" Ex. 44, "and stretching out a hand to others, [would] save them, as if drawing up persons SUBMERGED (BAPTIZED);" Ex. 52, "the ship being in danger of BECOMING IMMERGED (BAPTIZED), he threw out all the lading into the sea;" Ex. 72, "and death to her [the soul] while yet IMMERGED (BAPTIZED) in the body," etc.; Ex. 73, "towering up by what is not IMMERGED (BAPTIZED) in the body;" Ex. 75, "they have their nature and perceptive faculty IMMERSED (BAPTIZED) in the depth of the body;" Ex. 76, "they have the soul very much IMMERSED (BAPTIZED) in the depth of the body;" Ex. 81, "slaying some on land, and PLUNGING (BAPTIZING) others with their boats and huts into the lake;" Ex. 84, "I IMMERSED (BAPTIZED) him into wine, and took and drank him;" Ex. 85, "but also itself partaking of their deformity, and IMMERSED (BAPTIZED) into it.

7. The word is used of the most familiar acts and occurrences of common life; as, IMMERSING (BAPTIZING) wool in a dye, to color it (Exs. 79 and 80); steel in fire, to heat it for tempering (*ibidem*); heated iron (steel) in water to temper it (Ex. 71); an object in a liquid, in order to drink it (Ex. 84); a person in the waves, in sport or revenge (Exs. 26 and 60); a ship in the sea, by overloading it (Ex. 48); an animal in the water, to drown it (Ex. 51); tow in oil, for burning (Ex. 86); salt in water, to dissolve it (Ex. 50); a pole into the bed of a river, to reach something at the bottom (Ex. 82); a bladder in water, by forcing it under (Ex. 24); the hollow hand in water, to fill it (Ex. 57); the hand in blood, to besmear it (Ex. 67); a branch in a liquid, in order to sprinkle it about (Ex. 69); a medical preparation (a pessary of cantharides) in breast-milk and ointment, to allay the irritation (Ex. 70); a sword into an enemy's breast (Ex. 77); sliced turnips in brine, for a salad (Ex. 153); etc.

8. The ground-idea is preserved in the several metaphorical uses of the word. This is evident from many examples.

Thus, of certain persons liable at any moment to be plunged in ruin, it is said (Ex. 87): "they differ little . . from those who are driven by storm at sea; . . . and if they commit any even the slightest mistake, are totally SUBMERGED (BAPTIZED);" of one overwhelmed with sorrows by the calamity in which a friend had perished (Ex. 88): "SUBMERGED (BAPTIZED) by that great wave;" of one under the influence of an overmastering passion (Ex. 92): "although WHELMED (BAPTIZED) by desire, the generous man endeavored to resist, and emerged as from a wave;" of a similar case (Ex. 93): "but Dyonisius . . was seized indeed by a tempest, and was WHELMED (BAPTIZED) as to the soul; but yet he struggled to emerge from the passion, as from a mighty wave;" of an enterprise, ruined by untoward events (Ex. 116): "the business [of instructing the young] being WHELMED (BAPTIZED) and all the winds being set in motion against it;" of a people lying in ignorance (Ex. 125): "the congregation IMMERSED (BAPTIZED) in ignorance, and unwilling to emerge to the knowledge of the spiritual teaching;" of the mind oppressed and stupified by intemperance in eating and drinking (Ex. 136):

"as though the reason were WHELMED (BAPTIZED) by the things overlying it;" (with a negation) of one self-collected in difficulties and dangers (Ex. 141): "preserving the soul erect and un-WHELMED (un-BAPTIZED), and high above every storm;" of persons under the power of intoxicating drinks (Ex. 95): "so also the souls of these [the intoxicated] are driven about beneath the waves, being WHELMED (BAPTIZED) with wine;" Ex. 147, "flooded with vehement words, and WHELMED (BAPTIZED) with undiluted wine" (where one who is so overborne and subdued by the power of wine, is represented as "*plunged in the cask*").

The idea of a total submergence lies at the basis of these metaphorical uses. Any thing short of this, such as the mere sprinkling or pouring of water on an object, viewed as the ground of these metaphorical senses, would be simply absurd.

9. In Christian Greek literature, the word retained its distinctive meaning, and continued to be freely used both in the literal and metaphorical sense (Exs. 39, 44, 45–47, 58, 77, 78, 79 and 80, 81, 90, 91, 95, 104–107, 119, 121–123, 125–131, 138–141, 154, 155, 158, 164, 165).

10. In the metaphorical sense it is often used absolutely, meaning *to whelm in* (or *with*) *ruin, troubles, calamities, sufferings, sorrows, business, perplexity, intoxication.* See Exs. 98–102, 115, 116, 124, 135, 142–146, 148, 150. That, in this absolute use, the literal image on which the usage is founded was not lost from view, is evident from Ex. 124: "you are not at leisure but are OVERWHELMED, and the multitude of other affairs holds you in subjection" (more literally, '*has brought you under itself*;' with which compare Ex. 95).

---

2. Grammatical construction.

The word is construed, in connection with the immersing substance, as follows:

1. With the prep. *into* before the name of the element into which an object is PLUNGED or IMMERSED, expressing fully the act of *passing* from one element into another.

Ex. 61, "(around) every thing that is IMMERSED into it;" Ex. 64, "PLUNGE thyself into the sea;" Ex. 65, "PLUNGING himself into the lake Copais;" Ex. 67, "DIPPING his hand into the blood;" Ex. 68, "he PLUNGED the whole sword into his own neck;" Ex. 70, "again IMMERSE into breast-milk and Egyptian ointment;" Ex. 74, "IMMERSED HIMSELF into the Ocean-stream;" Ex. 77, "TO PLUNGE the sword into the enemy's breast;" Ex. 81, "and PLUNGING others with their boats and huts into the lake;" Ex. 82, "they PLUNGE into the water, therefore, a pole smeared with pitch;" Ex. 84, "I IMMERSED him into wine;" Ex. 85, "and IMMERSED into it;" (metaphorically) Ex. 118, "PLUNGED by drunkenness into stupor and sleep;" Ex. 119, "PLUNGED by drunkenness into sleep;" Ex. 128, "IMMERSE from sobriety into fornication."

2. With the prep. *in*, denoting *locality*, or the element *in* or *within* which the act takes place.

Ex. 59, "IMMERSED and sinking in the pools;" Ex. 72, "to

This construction (confined mostly to poetry) is required in some examples, and is the probable one in others. One man immerses another *in* (not *with*) waves of the sea; a heated mass of iron (steel) is plunged or immersed *in* (not *with*) water, to cool it; what is inclosed in the human body is immersed *in* (not *with*) it; a weapon is plunged *in* (not *with*) the neck.

4. In the metaphorical sense of *whelming, overwhelming* (submerging, as with an overflowing flood), the *passive* is construed with the usual expression of the efficient cause, and both the *active* and *passive* with the dative of *means* or *instrument* (*by*, or *with*).

Compare the literal use in Exs. 4 and 19, and the figurative use in Ex. 106; and especially Exs. 136, "WHELMED by the things overlying it," and 168, "(Neptune) strives to WHELM the whole vessel with the waves."

[2] Not *imbued with*, as is evident from the following expression '*emerge to*.' The choice is between the two conceptions '*whelmed with*' (as an overflowing flood), and '*immersed in*' (sunk in ignorance). The latter conception is the most natural and probable one; so in Exs. 126, 127.

SECTION IV.

Application of these Results to the New Testament.

---

1. We have thus taken a full survey of the use of this word among those who spoke the Greek language, and to whom the New Testament was directly addressed, in numerous examples from their own writings, composed before and during the age of Christ and his apostles, and for a long time after; showing its unvarying signification through all this time, and its grammatical construction in connection with the name of the element, in which the act it expresses took place.

Let us now open the New Testament, and observe how the following passages must have been read and understood, by those whose manner of using this word has been shown in the foregoing examples.

Matt. 3 : 6. "And were IMMERSED (BAPTIZED) in the Jordan by him."*

Matt. 3 : 11. "I indeed IMMERSE (BAPTIZE) you in water. . . . He will IMMERSE (BAPTIZE) you in holy spirit and fire."*

Compare the writer's note on Matt. 3 : 11.

Mark 1 : 5. "And were all IMMERSED (BAPTIZED) in the river Jordan by him."*

---

* See Ex. 169, "IMMERSED (BAPTIZED) HIMSELF in the Jordan" (Eng. Bible, dipped himself . . in the Jordan'), and the examples referred to in Section III. 2, 2, (on p. 92).

Mark 1 : 8. "I indeed IMMERSED (BAPTIZED) you in water; but he will IMMERSE (BAPTIZE) you in holy spirit."*

Compare the writer's note, just referred to, on Matt. 3 : 11.

Mark 1 : 9. "Jesus came from Nazareth of Galilee, and was IMMERSED (BAPTIZED) by John into the Jordan."†

The reader of the New Testament in the Greek language, to whom this was his mother tongue, could be at no loss to know what was done in these cases; or what was required to be done by the command in Matt. 28 : 19, and similar passages.

2. The accompanying circumstances accord with this unvarying meaning of the word. For example, John at first resorted to the river Jordan, as a convenient place for IMMERSING (BAPTIZING) the multitudes who came to him. Ænon was afterwards selected for this purpose, and for the express reason, "because there was much water there, and they came and were IMMERSED (BAPTIZED)" (John 3 : 23). In the most circumstantial account given in the New Testament of the administration of the rite (the immersion of the eunuch by Philip, Acts 8 : 38), it is said that "they went down both into the water;" and that after the rite was performed, "they came up out of the water."‡

3. The other acts, with which it is compared in the New Testament, accord with and require this meaning. It is represented as a *burial;* Rom. 6 : 4, "we are buried with him by the IMMERSION (BAPTISM);" Col. 2 : 12, "buried with him by (prop. in) the IMMERSION (BAPTISM)."§ It is spoken of as having been

* See the note on the preceding page.

† See Ex. 171, "I am PLUNGED (BAPTIZED) into bottomless depths," and the examples referred to in Section III. 2, 1, (on pp. 91, 92.).

‡ It has been erroneously supposed, that the same thing is stated in Matt. 3 : 16, and Mark 1 : 10. But the prep. *from* (ἀπὸ) is there used; and the proper rendering is, 'up from the water.' But here (in Acts) the prep. is ἐκ, *out from, out of;* and the only possible rendering is, 'came up out of the water,' into which (as just before said) they had gone down.

§ The language is here so explicit, and the reference so obvious, that all Chris-

typefied, when the Israelites "were under the cloud, and passed through the sea," "IMMERSED (BAPTIZED) in the cloud and in the sea" (1 Cor. 10 : 1, 2).*

4. This unvarying sense of the word is expressly distinguished from the application of water to some portion of the body, denoted by other words. In Mark 7 : 3, 4, it is said that the Pharisees "eat not" (i. e., never eat) "except they wash their hands," these being always liable to ceremonial defilement; and that when they come from a public place, as the market (the whole body having been exposed), "except they IMMERSE (BAPTIZE) THEMSELVES, they eat not." In the former case, the writer uses the appropriate word (NIPTEIN) for washing any portion of the body; as the *face* (Matt. 6 : 17), the *hands* (Matt. 15 : 2), the *feet* (John 13 : 5). In the latter case he uses, in distinction from it, the word BAPTIZEIN, which by constant usage expressed an entire submersion of the object spoken of. As there is here no limitation ("they IMMERSE THEMSELVES"), the whole body of course is meant.†

5. With this usage accords also the metaphorical sense of *overwhelming suffering*, found in Mark 10 : 38, 39, "can ye undergo the IMMERSION (BAPTISM) that I must undergo,"‡ and in Luke 12 : 50, "I have an IMMERSION (BAPTISM) to undergo;"‡ a sense founded on the idea of total submergence, as in floods of sor-

---

tian antiquity understood by it an allusion to the symbolic significance of the rite of immersion. (See examples in Section V. 1.) Almost all modern scholars are of the same opinion. The few attempts to set aside this obvious view have made little impression, and require no refutation.

* Compare the explanation of this given by the Greek interpreter *Theophylact*, Section V. Example 196.

† In Luke 11 : 38, there is no intimation that this was *always* practiced before dinner. On the contrary, the full and minute statement in Mark 7 : 3, 4, forbids this supposition, and Luke 11 : 38 must be understood accordingly. It was the case mentioned in v. 4 of Mark's statement, the Saviour having come from a crowd.

‡ As these passages are correctly rendered by Dr. Campbell (President of Marischal College, Aberdeen), "The four Gospels translated," etc.

row.* The same metaphorical sense, according to many interpreters, is found in 1 Cor. 15 : 29.

6. The *grammatical construction* accords also with the constant usage of Greek writers, and with the only recognized meaning of the word. Namely:

1. With the prep. *into*, expressing the act of *passing* from one element (the air) into another (water). Compare the *Summary* of the usage of Greek writers, *Section III. 2, 1.* For example: Mark 1 : 9, "WAS IMMERSED (BAPTIZED) by John into the Jordan."

2. With the prep. *in*, denoting *locality*, or the element *in* or *within* which the act is performed (*Summary, Section III. 2, 2*).

For example: Mark 1 : 5, "were all IMMERSED (BAPTIZED) in the river Jordan; Matt. 3 : 11, "I indeed IMMERSE (BAPTIZE) you in water; Mark 1 : 8, "I IMMERSED (BAPTIZED) you in water;" *ibid.*, "but he will IMMERSE (BAPTIZE) you in holy spirit;"* John 1 : 26, "I IMMERSE (BAPTIZE) in water;" v. 31, "I came IMMERSING (BAPTIZING) in water;" v. 33, "he who sent me to IMMERSE (BAPTIZE) in water;" same verse, "this is he who IMMERSES (BAPTIZES) in holy spirit."†

3. With the *dative* alone, either as a *local* case, '*in water*' e. g., (*Summary, Section V. 2, 3*), or as the *instrumental dative*, to distinguish the *element* used for immersing in one case from that employed in another.‡ The simple dative occurs, in the New Testament, only where the material or element used for immersing is to be thus distinguished. In all these instances, the distinction is between the element of *water*, and *the Holy Spirit* (or, *holy spirit*); and as the latter could less properly be conceived as the mere instrument of an act, it is in every such case construed with the local preposition *in*. (See Luke 3 : 16, Acts 1 : 5, 11 : 16.) This is the only explanation of the use

* Compare the remark on Ex. 98, and the *Summary* in Section III. 1, 8.

† See the remark on p. 97.

‡ Dr. Hackett (on Acts 1 : 5): "*ὕδατι, with water* as the element by which, *ἐν πνεύματι ἁγίῳ, in the Holy Spirit*, as the element in which the baptism is performed." (*Commentary on the original text of the Acts of the Apostles, 2d edition, p.* 37.)

both of the simple dative, and of the dative with the preposition, in the same connection and relation.

7. The Greek word BAPTIZEIN expresses nothing more than the act of IMMERSION, the religious significance of which is derived from the circumstances connected with it. Thus when, in obedience to the command in Matt. 28 : 19, this act is performed on the assenting believer, in the name of the Father, and of the Son, and of the Holy Spirit, it by this becomes the Christian rite; and this distinguishes it from all other acts of life, and gives it a sacred relation and a sacred significance. But in Mark 7 : 4 ('except they immerse themselves'), and in Luke 11 : 38 ('that he had not immersed himself'), the act expressed by the same word is a superstitious Pharisaic ceremony, condemned by our Lord himself; and in Heb. 9 : 10, the mere ceremonial immersions of the Jews are meant. The act designated by the word, in all these cases, is the same; the relation in which it is performed constitutes the only distinction. In the Christian rite, being performed with a conscious reference to the burial and resurrection of Christ, the act associates with itself, in the mind of the believer, the religious ideas and obligations symbolized by it in virtue of this reference. It is also a recognition of the pollution of sin, and of the sanctifying agency of the spirit, as symbolized by the cleansing power of the element of water. But the word BAPTIZEIN did not, in itself, express *an immersion in the name of the Father, of the Son, and of the Holy Spirit;* nor an immersion with reference to the burial and resurrection of Christ, or to the sanctifying agency of the Spirit. Wherever it is used of the Christian rite, in the New Testament, this reference is clear from the connection; and only through this connection does it suggest the peculiar Christian ideas associated with it.

Where the christian rite, or what is implied in it, is applied for purposes of illustration or comparison.

The Christian Fathers, in their expositions of the Scriptures, are fond of tracing allusions to this rite in the language of the Old Testament. Of this practice, one specimen must suffice.

EXAMPLE 218.

Basil (the Great); Discourse on Ps. 28 (Ps. 29 : 3).*

* See the remark on Example 181.

The idea of *cleansing*, associated with the christian rite of immersion in water, naturally suggested comparison with the Jewish rites of purification, especially by water; and hence the Christian Fathers treat these ritual purifications as types, foreshadowing the grace (mark the word!) to be imparted through the christian rite.

The allusion here is to the two elements of expiation and cleansing, blood and water. These, gushing forth from the Saviour's side, were an image, and a kind of first-fruits (an earnest, or assurance) of the holy IMMERSION, through which the mystic blessing (of pardon and sanctification) was to be imparted, and all whose virtue proceeded from his consecrated body.

For the things seen are symbols of those apprehended by the mind."

From the idea of cleansing, associated with immersion in water, they call Christ's expiatory death an IMMERSION (BAPTISM), not only as an expression of overwhelming suffering (Mark 10 : 38, 39, Luke 12 : 50), but also because by it he cleansed from sin. So in the following example, in which both allusions are distinctly recognized.

In like manner, they use this word of the sufferings shared with Christ by his followers, which they called an IMMERSION (in suffering) "by blood," and "by martyrdom;" ascribing to this figurative *immersion in suffering* the same cleansing efficacy, as to the literal immersion in water.

EXAMPLE 230.

In the same figurative sense, they use it of whatever was supposed to have an atoning or expiatory virtue, as penitence and tears. So in the two following examples; in the first of which, the literal immersion in water is expressly distinguished from this figurative application of it.

IMMERSION (BAPTISM), the fountain of tears cleanses man. Wherefore many, having defiled the holy IMMERSION (BAPTISM) by offences, were cleansed by tears and declared just."

Of course, the 'fountain of tears' does not represent the baptismal *rite;* for, from this it is expressly distinguished. It is, therefore, an IMMERSION only in a figurative sense, as having, through the same imparted grace, the same cleansing effect as the literal IMMERSION in water. In this figurative sense the word is used in the following extract.

EXAMPLE 234.

The same writer; in the same passage.

This word became, necessarily, a technical designation of the christian rite; but without losing its proper literal significance, as has already been shown by many of the foregoing extracts, and as may be seen in the two following examples.

* Of the twelfth century.

It thus appears, that the Christian Fathers understood this word in its ordinary, established signification in the Greek language, exhibited in Section I. from their own practice, as well as that of other Greek writers. Their figurative applications of the christian rite grew naturally out of its deep significance, in its various references to the doctrines and facts of the christian life. We are not to attach to the word itself ideas derived from the application of the rite.

Apostles' creed; and to declare his intention of leading a life of piety, by making a threefold renunciation of the devil, his works and his pomps. He then descended into the font; the priest depressed his head three times below the surface, saying, I baptize thee in the name of the Father, and of the Son, and of the Holy Ghost."

"In the baptism of children the same rites were observed, with a few necessary variations .... The priest himself descended into the water, which reached to his knees. Each child was successively delivered undressed into his hands, and he plunged it thrice into the water, pronounced the mysterious words, and then restored it to its sponsors." ... "Such were the canonical regulations with respect to the administration of baptism."

The following extract from Tyndale's "*Obedience of a Christian Man* (edition of 1571, p. 143), shows the practice of the English Church as late as the first half of the sixteenth century.

"The washing [of baptism] preacheth unto us that we are cleansed with Christ's bloodshedding, which was an offering and a satisfaction for the sin of all that repent and believe, consenting and submitting themselves unto the will of God. The plunging into the water signifieth that we die, and are buried with Christ, as concerning the old life of sin which is Adam. And the pulling out again, signifieth that we rise again with Christ in a new life full of the Holy Ghost, which shall teach us and guide us and work the will of God in us, as thou seest Rom. VI."

These three divisions of the Church are all that can be taken into account in this view. In respect to all three, the following statement by Brenner,* a Roman Catholic writer, deserves special regard. After a full investigation of the original authorities, he closes his work with a summary of the results, of which the first paragraph is as follows:

---

* Historical Exhibition of the Administration of Baptism, from Christ to our own times, p. 306.

"Thirteen hundred years was baptism generally and regularly an immersion of the person under the water, and only in extraordinary cases a sprinkling or pouring with water; the latter was, moreover, disputed as a mode of baptism, nay even forbidden."

Usage of the Versions.

1. In the oldest of the Latin versions known to us, we find this word literally translated into that language. Tertullian,* the earliest of the Latin Fathers, who cites from a vernacular version and not from the original Greek,† quotes the commission in Matt. 28 : 19, in the following manner (On baptism, ch. xiii) : "For a law of immersing was imposed, and the formula prescribed. '*Go* (says he) *teach the nations, immersing them in the name of the Father, and of the Son, and of the Holy Spirit.*'" John 4 : 2 is quoted as follows (On baptism, ch. xi.) : "For we read, '*And yet he did not immerse, but his disciples.*'" In the same work, ch. xiv. he quotes the Apostle Paul, as having said : "*For Christ sent me not to immerse*;" and in ch. xx. he quotes the Evangelist as saying : "*Were immersed,*

In ch. xvi. of the same work, he quotes the Saviour's language in Luke 12 : 50, in the following manner: "There is indeed for us also a second bath, one and the same, namely of blood; of which the Lord says, '*I have to be immersed with a baptism,*' when he had already been immersed."

Cyprian, another of the Latin Fathers, born about half a century later, quotes Matt. 28 : 18–20, in the following manner (Epistle xxv.): "The Lord, after his resurrection, when sending forth the Apostles, gives a command, and said: '*All power is given to me in heaven and in earth. Go ye, therefore, and teach all nations, immersing them in the name of the Father, and of the Son, and of the Holy Spirit; teaching them to observe all things, whatever I have commanded you.*'" In the same words he quotes this passage again, in Epist. LXIII. Gal. 3 : 27, he quotes in the following manner (Epist. LXXV): "For if the Apostle lies not, when he says, '*As many of you as were immersed in Christ, have put on Christ,*' then verily he, who was then baptized in Christ, has put Christ on."

word. But the Greek name of the rite itself, and at a later period the Greek verb also, were retained in the current Latin versions; an example of the practice of the Romish Church, to express sacred things by what was superstitiously regarded as their sacred appellations, such as *azyma*, *pascha*, and the like. Of this weakness, injurious in every one of its tendencies, nearly all traces have, after long conflicts, been expunged from the English Bible.

2. This was also the usage of ancient Oriental versions; viz. the Syriac (last half of the second century), the Coptic (third century), and the Ethiopic (of the fourth century), according to the definitions, given in the best lexicons, of the words by which they severally translate the Greek terms.* Scholars differ in opinion only in regard to the Syriac word; and this difference respects only its *etymology* and *primary* meaning, for that it means to *immerse* in early Syriac literature is well known.†

3. The Teutonic versions.

At the head of these, as of Teutonic literature in general, stands the Gothic version of Ulfilas (bishop of the Moeso-Goths), made in the last half of the fourth century. In this version the Greek word is translated by *daupjan* (pronounced as *dowpyan*), which means *to dip*, like the Latin *mergere*, and the German *tau-*

* The rendering "*to stand*," which some scholars assert to be the meaning of the corresponding word in the Syriac version, is not claimed by them to be a translation of the Greek word, or to have been so regarded by the author of that version.

In the Sahidic (dialect of upper Egypt) the Greek word is transferred. Versions of a later date are not taken into account here; nor are those here referred to quoted as evidence of the proper meaning of the Greek word, which is established by the better testimony of native writers.

chen; in two instances (Luke 3 : 21, 7 : 29) by *ufdaupjan, to dip under*, like the Latin *submergere*, and the German *untertauchen.**

In its construction with other words also, this rendering corresponds with the Greek word. For example, Matt. 3 : 11, "*I indeed dip you in water.*" Mark 1 : 8, "*I dip you in water;*" v. 9, "*and was dipped by John in Jordan.*"†

By words of the same family, springing from the same etymological root, and having the same ground-meaning, the Greek word is translated in all the leading vernacular versions made for the Teutonic races. For example:

In the first lower-Saxon Bible (1470–80), it is translated by the word *doepen* (*to dip*).‡ John 1 : 33, "*But he who sent me to dip in water*" (not, '*with water*'); Matt. 3 : 11, "*And I indeed dip you in water*" (not, '*with water*').

In the *Augspurg German Bible* (1473–75), it is rendered by the word *tauffen* (*to dip*).§ John 1 : 33, "*He that sent me to dip in water*" (not, '*with water*'); Matt. 3 : 11, "*And I indeed dip you in water*" (not, '*with water*').‖

In Luther's German version (New Testament, 1522; entire Bible, 1534), the Greek word is rendered by *taufen, to dip.* So

‖ Copies of these ancient vernacular versions, now extremely rare, and of great interest in the history of Bible translation (being more than half a century older than Luther's version of the whole Bible), are in the library of the American Bible Union. The copy of the lower-Saxon Bible is of the edition that assimilates to the Dutch. Compare Panzer, Annalen der älteren deutschen Literatur, Nos. 12, 13.

Luther himself explains the word (Sermon on Baptism): "Then also without doubt, in German tongues, the word *Tauf* comes from the word *tief* (*deep*), because what one baptizes he sinks deep into the water."*

In the Dutch version (1526, revised 1562, and again by order of the States-General 1628–32), the Greek word is rendered by *doopen;* in the Swedish version (New Testament 1526, revised 1615, and more thoroughly 1711–28), by *dœpa;* in the Danish version (from Luther's, 1550, and 1589; from the original text, 1605), by *dœbe;* all of the same root as the word used by Ulfilas and Luther, and all meaning *to dip.*

The relationship of these words, with their ground-meaning, is shown on p. 400 of Meidinger's "Etymological and Comparative Dictionary of the Teuto-Gothic Languages (1833).† Under the root "Tief, *deep,*" he gives the family: "Dippen, *to immerse, to sink, to plunge.* Anglo-Saxon dippan, dyppan, *to plunge, to baptize;* dyfan, dufian, ge-dufian, *to plunge.* English to dip, to dive. Dutch doopen. Swedish doepa. Danish dyppe. Italian tuffare. Under the same root, he gives the family: "Taufen, *to baptize.* Anglo-Saxon dyppan, dippan, depan, dyfan. Swedish doepa. Danish doebe. Dutch doopen. Old-German doufan. Old-Gothic daupian, *to plunge, to bathe.*"

The same relationship (more fully carried out) is given by Diefenbach, Comparative Dictionary of the Gothic Language (*Vergleichendes Wörterbuch der Gothischen Sprache*) 1851, vol. II. p. 627, Nr. 24.

4. Versions for the use of the learned.

As in all versions of this class, so far as is known to the writer, the Greek word is uniformly rendered in this sense, when its literal meaning is professedly given, a few examples will suffice.

and of ideas, in practicing *baptism* by *aspersion*, this very term being, in itself, a derisive contradiction. The verb BAPTIZO, *immergo*, has in fact but one sole acceptation. It signifies, literally and always, *to plunge*. Baptism and immersion are, therefore, identical, and to say: *baptism by aspersion* is as if one should say: *immersion by aspersion*, or any other absurdity of the same nature."

Maldonatus (Catholic), Commentary on the Gospels, Matt. 20 : 22. (*On the words, 'Can ye drink,' etc.*). "Mark says, that Christ added, *and be baptized with the baptism with which I am baptized;* which, by another metaphor, signifies the same thing, for baptism is also put for suffering and death, as Luke 12 : 50. Whence it is, that also martyrdom is called a baptism; a metaphor, as I think, taken from those who are submerged in the sea, to put them to death. For in Greek, to be baptized is the same as to be submerged."—Luke, 12 : 50. "To be baptized, therefore, which properly is to be submerged in water, is put for to suffer and to die, and baptism for affliction, for suffering, for death."

Baptême et immersion sont donc identiques, et dire: *baptême par aspersion*, c'est comme si l'on disait: *immersion par aspersion*, ou tout autre contresens de la même nature."

Maldonati Comment. in quat. Evangel. (Matt. 20 : 22). Marcus ait, addidisse Christum: *et baptismo, quo ego baptizor, baptizari?* quod alia metaphora idem significat; nam et baptismus pro passione et morte poni solet, ut Luc. 12 : 50. Unde factum, ut et martyrium baptismus appelletur; metaphora, ut opinor, sumpta est ab iis, qui, ut moriantur, in mare submerguntur. Graece enim baptizari idem est, atque submergi.—(Luc. 12 : 50). Ideo ergo baptizari, quod proprie est aquis submergi, pro pati et mori: et baptismus pro afflictione, pro passione, pro morte ponitur.

Est (Catholic; Chancellor of the University of Douay), Com. on the Epistles (on Rom. 6 : 3). "For immersion represents to us Christ's burial; and so also his death. For the tomb is a symbol of death, since none but the dead are buried. Moreover, the emersion, which follows the immersion, has a resemblance to a resurrection. We are therefore, in baptism, conformed not only to the death of Christ, as he has just said, but also to his burial and resurrection."

The same work, on 1 Cor. 15 : 29. "Not much different is the exposition of those who explain the words '*for the dead*,' in this manner: and acting, or representing the dead; because the immersion and emersion, performed in baptism, are a kind of representation of death and resurrection."

The same work, on Col. 2 : 12. "For it is signified that believers, when they are baptized, by that very ceremony of baptism are buried with Christ; inasmuch as the immersion, which is performed in baptism, so represents Christ's burial, that it at the same time works in us what the burial of Christ signified, namely the death and burial of our old man. Estii Com. in Epist. N. T. Rom. 6 : 3. Nam immersio Christi sepulturam nobis repraesentat; adeoque et mortem. Sepulchrum namque mortis symbolum est, nec enim sepeliuntur nisi mortui. Quae autem immersionem sequitur emersio, similitudinem habet resurrectionis. Igitur in baptismo configuramur non tantum morti Christi, quod jam dixit, verum etiam sepulturae et resurrectioni.—1 Cor. 15 : 29. Non multum dissimilis est expositio eorum, qui illud *pro mortuis* ad hunc modum explicant: et agentes seu repraesentantes mortuos; eo quod immersio et emersio, quae fit in baptismo, sit mortis ac resurrectionis quaedam repraesentatio.—Col. 2 : 12. Et enim significatur fideles, dum baptizantur, ea ipsa baptismi ceremonia Christo consepeliri, quatenus immersio, quae fit in baptismo, ita sepulturam Christi repraesentet, ut simul efficiat in nobis id quod sepultura Christi significabat; nimirum veteris hominis nostri mortem et sepulturam. Arnoldi (Catholic), Commentary on the Gospel of Matthew (on ch. 3 : 6). "Baptizein, *to immerse, to submerge*. . . . It was, as being an entire submersion under the water,—since washings were already a confession of impurity and a symbol of purification,—the confession of entire impurity and a symbol of entire purification."

Bishop Taylor (Church of England), Ductor dubitantium (The Rule of Conscience) Book III. Chap. IV. Rule XV., 13. (Bishop Heber's ed. vol. XIV. p. 62.)

"A custom in the administration of a sacrament, introduced against the analogy and mystery, the purpose and significance of it, ought not to be complied with. I instanced before in a custom of the Church of England, of sprinkling water upon infants in their baptism; and I promised to consider it again. . . . 'Straightway Jesus went up out of the water (saith the gospel); He came up, therefore he went down. Behold an immersion, not an aspersion.' And the ancient churches, following this of the gospel, did not, in their baptism, sprinkle water with their hands, but immerged the catechumen or the infant." After some references in proof of this assertion, he adds: "All which are a perfect conviction, that the custom of the ancient churches was not sprinkling, but immersion, in pursuance of the sense of the word in the commandment and the example of our

Towerson (Church of England), On the Sacraments; on the Sacram. of Bapt. Pt. III. 1 (p. 18). "As touching the outward and visible sign of baptism, there is no doubt it is the element of water, as is evident from the native significance of the word baptism, which signifies an immersion or dipping into some liquid thing."

Luther, On the Sacrament of Baptism (*at the beginning*). "First, the name *baptism* is Greek; in Latin it can be rendered immersion, when we immerse any thing into water, that it may be all covered with water. And although that custom has now grown out of use with most persons (nor do they wholly sub merge children, but only pour on a little water), yet they ought to be entirely immersed, and immediately drawn out. For this the etymology of the name seems to demand."

Calvin, Institution of the Christian religion, Book IV. ch. 15; On Baptism, 19 (*at the end*). "Though the word baptize itself signifies immerse, and it is certain that the rite of immersing was observed by the ancient church."

Et quamvis ille mos jam aboleverit apud plerosque (neque enim totos demergunt pueros, sed tantum paucula aqua perfundunt) debebant tamen prorsus immergi, et statim retrahi. Philip Limborch (Prof. of Theol. among the Remonstrants), Christian Theology, Book V. ch. 67, On Baptism. "Baptism then consists in ablution, or rather in immersion of the whole body into water. For, formerly, those who were to be baptized were accustomed to be immersed, with the whole body, in water."

George Campbell (President of Marischal College, Aberdeen), Translation of the Gospels, Matt. 3 : 11. "Moreover Casaubon well suggested, that DUNEIN means to be submerged with the design that you may perish, EPIPOLAZEIN to float on the surface of the water; BAPTIZESTHAI [reflexive form of BAPTIZEIN] to immerse yourself wholly, for another end than that you may perish. But that, in accordance with the nature of the word BAPTIZESTHAI, baptism was then performed not by sprinkling upon but by submerging, is proved especially by Rom. 6 : 4."

Conybeare and Howson (Church of England), The Life and Epistles of Paul, vol. I. p. 471. (Am. ed., p. 439). "It is needless to add, that baptism was (unless in exceptional cases) administered by immersion, the convert being plunged beneath the surface of the water to represent his death to the life of sin, and then raised from this momentary burial to represent his resurrection to the life of righteousness. It must be a subject of regret, that the general discontinuance of this original form of baptism (though perhaps necessary in our northern climates) has rendered obscure to popular apprehension some very important passages of scripture."

I remark, in conclusion:

1. That the rendering given to this word, in this revision, is its true and only meaning, as proved by the unanimous testimony of Greek writers, both pagan and christian.

2. That it accords with the religious instructions of the earliest christian writers, and with the requirements and practice of the whole christian church, till within a comparatively recent time.

3. That it is the rendering of ancient versions sanctioned by the use of the church, and still retained in the vernacular versions of northern Europe.

4. That it is the only rendering of the word in any version sanctioned by early use in the church, and is the only one used by scholars in their versions and expositions for the learned.

5. That recent and living scholars, without distinction of ecclesiastical relations, unite in asserting this to be the true meaning of the Greek word.

Such a rendering belongs to no one division of the church. It is catholic; sanctioned by all that can entitle any rendering to universal acceptation. Whatever else may be said of it, it can not, with any show of reason, be called sectarian.

SECTION IX.

Obligation to translate the word.

The obligation to translate this word rests on something more than grounds of philological correctness. There is, indeed, no reason of sufficient weight to justify, in any case, a departure from the simple rule of giving a faithful and intelligible rendering of the inspired word. No other rule can be recognized as right or safe. On the ground alone, were there no other, that the Greek word means '*to immerse*,' is the translator bound so to render it. The general rule no one disputes. It is an axiom, and needs no proof. It is simply the rule, when one professes to communicate the words of another, to tell the truth as to what he has said. Any author, purposely mistranslated or obscured, is falsified by his translator. Just so far as this is done, the translation is a literary forgery; for it conceals while it professes to exhibit what the author has said, or it represents him as saying that which he did not say. When applied to the Word of God, the rule is one of paramount force.

But in the form of the initiatory Christian rite, there are references vitally connected with the nature and development of the Christian life. To obscure the word which describes this form is, therefore, to obscure to the mind of the recipient, the nature of the rite, the specific ideas symbolized in it, and the obligations to which it binds him.

The word BAPTIZEIN, during the whole existence of the Greek as a spoken language, had a perfectly defined and unvarying import. In its literal use it meant, as has been shown, to put

entirely into or under a liquid, or other penetrable substance, generally water, so that the object was wholly covered by the inclosing element. By analogy, it expressed the *coming into a new state of life or experience*, in which one was as it were inclosed and swallowed up, so that, temporarily or permanently, he belonged wholly to it. The word was a favorite one in the Greek language. Whenever the idea of total submergence was to be expressed, whether literally or metaphorically, this was the word which first presented itself. The connection might be of the most elevated and serious, or of the most familiar and even ludicrous character. It was a daily household word, employed in numberless cases where the use of the word '*baptize*' would be a profanation. Salt, wool, the hand, a pole, a cork, a nest, a fish-spear, a bladder, an ape, an insect, a salad, were with perfect propriety said to be BAPTIZED (IMMERSED). A man was BAPTIZED (IMMERSED) when he was ducked in sport or revenge (Exs. 26 and 60), or was accidentally submerged by a swollen stream (Ex. 13). A ship was BAPTIZED (SUBMERGED), when she was overloaded and sunk (Ex. 48). So, metaphorically, one was BAPTIZED (IMMERSED) in calamities, when he was swallowed up by them as by an ingulfing flood (Exs. 87, 88); in debts, when he owed vast sums and had no means of paying them (Ex. 133); in wine, when his faculties were totally overborne and prostrated by it (Ex. 142); with sophistries, when his mind was wholly confounded by them (Ex. 135). The relation in which it was used associated with it, for the time being, the ideas peculiar to that relation; but the word itself, protected by the daily and hourly repetition in common life of the act which it described, retained its primary meaning and force unchanged.*

It was this familiar term, understood by all because all used it in their every-day avocations, which our Saviour employed when prescribing the initiatory rite of his church. It conveyed to the minds of his disciples a meaning as clear and definite, as the words *to eat* and *to drink*, in his institution of the Supper.

* As shown, Section III. 1, 9, by its secular use in the Church Fathers, side by side with their use of it in reference to the Christian rite.

The claim, that he used it with any other meaning than that which has been exhibited in this treatise, originated in ignorance of the literature of the word. No one, it is presumed, with a full knowledge of the case, would assert that the Saviour employed it in a new sense, unknown to those whom he addressed; for that would be a charge that he used it with the intention, or at least with the certainty, of being misunderstood. To that mystical sense, supposed by many to have been shadowed forth in Christ's command, stands out, in the strongest possible contrast, the simple, distinct, corporeal sense, to which the word was appropriated by unvarying usage. The act which it describes was chosen for its adaptation to set forth, in lively symbolism, the ground-thought of Christianity. The change in the state and character of the believer was total; comparable to death, as separating entirely from the former spiritual life and condition. The sufferings and death of Christ, those overwhelming sorrows which he himself expressed by this word (Luke 12 : 50), were the ground and procuring cause of this change. These related ideas, comprehending in their references the whole work and fruit of redemption, were both figured by the immersion of the believer in water. In respect to both, it was called a burial. By it the believer was buried, as one dead with Christ to sin and to the world; and by it he pledged himself to newness of life, with him who died for him and rose again. Can it be supposed that to obscure these ideas, by virtually canceling the term on the clear expression of which the apprehension of them depends, is a trivial wrong against the body of Christ!

This view of the significance, and consequent importance, of the form of this Christian rite, is not peculiar to the body of professed followers of Christ to which the writer belongs. "And indeed," says Luther,* "if you consider what baptism signifies,

* Et sane, si spectes quid baptismus significet, idem [immersionem] requiri videbis. Hoc enim significat, ut vetus homo, et nativitas nostra plena peccatis, quæ ex carne et sanguine constat, tota per divinam gratiam demergatur, id quod copiosius indicabimus. Debebat igitur modus baptizandi respondere significationi baptismi, ut certum ac plenum ejus ederet signum. (*De Sacram. Bapt., Op. Tom. I. Fol.* 72.)

you will see that the same thing [immersion] is required. For this signifies, that the old man, and our sinful nature, which consists of flesh and blood, is all submerged by divine grace, as we shall more fully show. The mode of baptizing ought, therefore, to correspond to the signification of baptism, so as to set forth a sure and full sign of it." Matthies* (treatise on baptism) only repeats the expressed views of eminent Christian scholars of different communions, when he says: "In the apostolic church, in order that fellowship in Christ's death might be signified, the whole body of the one to be baptized was immersed in water or a river; and then, that participation in Christ's resurrection might be indicated, the body again emerged, or was taken out of the water. It is indeed to be lamented, that this rite, as being one which most aptly sets before the eyes the symbolic significance of baptism, has been changed."

The word '*baptize*' is an Anglicized form of the Greek BAPTIZEIN. On this account it has seemed to some that it must necessarily express the same meaning. It has been said, that no other word can so perfectly convey the thought of the Holy Spirit, as the one chosen by himself to express it in the original Scriptures; and that we are, therefore, at least right and safe in retaining it in the English version. A comparison of the meaning of BAPTIZEIN, as exhibited in Sects. I.–III. of this treatise, with the definitions of 'baptize,' as given in all dictionaries of the English language, and with its recognized use in English literature and in current colloquial phraseology, will show that this is far from being the case. The word 'baptize' is a strictly ecclesiastical term; broadly distinguished, by that characteristic, from the class of common secular words to which BAPTIZEIN belonged. It is a metaphysical term, indicating a mystical relation entered into with the church, by virtue of the sacramental application of water. In both these respects, it misrepresents the Saviour's manner and intent. Concealing the form of the Chris-

* In ecclesia apostolica, ut mortis Christi communio significaretur, totum baptizandi aquæ vel flumini immergebatur, et deinde, ut resurrectionis Christi societas innueretur, corpus iterum emergebat, seu extrahebatur ex aqua. Dolendum quidem est, hunc ritum, quippe qui aptissime symbolicam baptismi significationem ante oculos ponat, esse mutatum. (*Baptismatis Expos.* § 16 *fin.*)

tian rite under a vague term, which means any thing the reader may please, it obscures the ideas thereby symbolized, and the pertinency of the inspired appeals and admonitions founded on them. The essence of the Christian rite is thus made to consist in this mystical church-relation, into which it brings the recipient. With this view associates itself, naturally and almost necessarily, the idea of a certain mysterious efficacy in the rite itself; and, accordingly, we find the belief prevailing in the majority of Christian communions that, through baptism, the recipient is, not externally alone, but mystically united to the body of Christ. Thus the rite ceases to be the symbol of certain great truths of Christianity, and becomes an efficacious sacrament. The tenacity with which this fatal error is adhered to, even in communions not connected with the state, is largely due to the substitution, in our English Bibles, of this vague foreign term of indefinite meaning, for the plain, intelligible English signification of the Greek word.*

Among the several words, all agreeing in the essential idea of *total submergence*, by which BAPTIZEIN may be expressed in English, the word IMMERSE has been selected for use in this Revision, as most nearly resembling the original word in the extent of its application. It is a common, secular word, used in the daily affairs of life, to express the most familiar acts and conditions. It is not an ecclesiastical term. It is not a metaphysical term. It describes, to every English mind, the same clearly marked, corporeal act as is expressed by the Greek word. It is used metaphorically with the same applications. We speak of a man as immersed in calamities, in debt, in ignorance, in poverty, in cares, etc., always with the idea of totality, of being wholly under the dominion of these states or influences. In all these applications, like the Greek word, through constant use in the literal sense, it suggests the clear image of the act on which they all are founded. It is, in short, the same potentiality in English as BAPTIZEIN in Greek,

* Other causes may produce, and have produced, the same perversion; but this is no reason why we should not remove the one within our reach.

having the same meaning and the same associations; being thereby fitted to make known to us the Saviour's will in prescribing the initiatory rite of his church, to exhibit the truths and relations symbolized by it, and the force of the inspired appeals founded on it, precisely as this was done to those who first heard and read the gospel in Greek.

BAPTIZEIN.

(*Originally issued as an Appendix to the Revision of Matthew.*)

A Book of nearly 200 Octavo Pages. Price, sent by Mail, 50 Cents.

No book of the size that has required such enlarged and accurate scholarship, and the toilsome research of so many years, has ever been published at less than double or fourfold this price. Many thousands of dollars have been used in the purchase of the books, and in other expenses, requisite in its preparation. Many journeys have been made, and the most celebrated libraries in Europe and America have been examined, to procure and prove the citations from ancient authors of which its arguments chiefly consist. Every precaution has been exercised to insure correctness, even in the most minute details. It may be safely averred, that no subject, requiring such extended research, has ever before been so completely exhausted and so transparently and impartially presented.

Writers on the use of the word baptizo have generally been content to refer to a score or two of examples from ancient authors, and the majority of these they have not traced to their sources. But the investigations of Dr. Conant in the best libraries of Europe and this country, have enabled him to collect *two hundred and thirty-six examples*, and to authenticate each case beyond the possibility of doubt.

This book has been prepared both for the learned and the unlearned. Had the former not been satisfied, the verdict would not have been sustained by the literary world. Had it not been adapted to reach and inform the latter, the object of the publication would not have been attained. That object is, to afford to every man who can read the English language the opportunity of understanding the whole philological arguments regarding the meaning and the use of the word baptizo, with all the learned proofs and authorities in the case, as completely and as accurately as the most eminent scholar. For this purpose, each example is translated in the most simple and literal manner, and the translation, with the citation of the author, book, and page, is placed conspicuously on the foreground, in the upper portion of each page. Below it the original is printed, for the inspection of the learned.

No one has yet been found to express a doubt of its thoroughness or of its impartiality. It is universally admitted to be the production of a master-mind in the maturity of its powers.

BAPTIZEIN.

From the Southern Baptist Review, Tenn.

The Appendix evinces thorough scholarship and immense research. Its value can not be estimated. It contains every known example of *baptizo* to be found in the Greek classics, and examples of every use of it in the "Church Fathers." The baptismal controversy on the action of baptism is philologically settled.

From the Banner and Baptist, Atlanta, Ga.

This is the best production which we have received from the Bible Union Rooms, although we have received many valuable documents. The translation of *baptizein* "to immerse," will no doubt produce some excitement. The author has most ably fortified himself and his work in an Appendix. This Appendix we consider worth several times the price of Matthew revised. All our brethren should have this work.

From the Christian Union, Louisville, Ky.

The Appendix to Matthew is devoted to a thorough exploration of ancient Greek literature, for the use of *baptizein* and its derivatives. Nothing equal to it has ever appeared in the English language. It is alike unanswerable and invulnerable; it is an inexhaustible magazine of armor for those engaged in the discussion.

From the Western Recorder, Louisville, Ky.

The Appendix brings the whole question within the comprehension of all, the plain English reader, as well as the most finished critical scholar. It has never been thus before. The common people have never before been permitted to enter the lists of the discussion. It is impossible to convey in writing the fullness and perfection of this argument. Nothing like it exists in any language on the subject. Every minister, every scholar, every intelligent reader of the Bible ought to study and master it. —*D. R. Campbell, D.D., LL.D., President of Georgetown College, Ky.*

From the Texas Baptist, Anderson, Texas.

The Appendix alone is worth to the Christian world, all that has ever been expended in the revision enterprise. It contains more *matter* than any other book ever published in the English language. It is in no sense a controversial book; all, therefore, may read it. We would rejoice to see a copy of it in the hands of every minister, as well as every private Christian who speaks the English tongue.—*Rev. J. W. D. Creath.*

From the Freewill Quarterly

The philological argument respecting baptism is here exhausted. The material to be employed in the discussion of the subject by scholars was never before so accumulated within a small compass, or so admirably classified, or made so readily and easily available to minds of ordinary attainments and culture.

From the Chronicle, New York.

It is a monument to patient, persevering scholarship, of which any man might be proud. So far as the meaning of *baptizein* is concerned, it is final. The argument is conducted in no sectarian spirit. The original evidences are given without comment The controversy, so far as the *meaning* of the word is concerned, is settled forever.

From the Home Mission Record, New York.

The Appendix is a work of immense labor, and of great value. It settles definitely, conclusively, and forever, the true meaning of the word *baptizein*. Henceforth there is an end of controversy on that subject. The Bible Union have in this matter done a good work. We wish they would circulate one hundred thousand copies.

Publications of the American Bible Union,

350 Broome Street, New York.

BAPTIZEIN.

From the Christian Times, Chicago, Ill.

This collection of authorities from the ancient classical and ecclesiastical usage of *baptizo*, is by far the most complete ever before published. It in fact exhausts that department of inquiry—it settles the meaning of the usage of the Greek term.

Every minister should have the work for the sake of these references, if for no other

From the Biblical Recorder, Raleigh, N. C.

The present work is destined to excite no little interest, and receive many a searching investigation, but we have no fears that it will not in the main come forth from the ordeal as "gold tried in the fire." We commend the whole volume to the careful study of all scholars of every denomination.

From the Journal and Messenger, Cincinnati, O.

The Appendix furnishes a most valuable treasury of argument on the baptismal question. It contains quotations from the Greek and Latin classics of *every instance* where the word *baptizo* or its equivalent occurs, with similar citations from the early Christian writers in each language. It contains also authority respecting the present practice in baptism of the Greek Church, also of the Latin Church, up to the Middle Ages, and of the English Church, till near the Reformation. These ample references will render the work very desirable to every minister.

From the Christian Freeman, Jacksonville, Ill.

The argument is purely philological and historical. We have long wished to see an argument of this character in support of the meaning of this word; an argument devoid of all denominational special pleading, and that can not offend any inquirer after truth. To any person having difficulties on the subject of immersion, we commend this Appendix, as the most satisfactory and least partisan source of information he can consult.

From the New Church Quarterly (Swedenborgian).

The Greek word *baptizo*, rendered "baptize" in the authorized version, is translated by Dr. Conant, "immerse;" and in the Appendix he cites a long array of authorities, Greek and Latin, sacred and profane, to show that this is the literal meaning. We cordially confess that his arguments seem to be conclusive, and that there is no escape from the admission that the original idea of the word is "immersion."

From the American Christian Review, Cincinnati, O.

The treatise on *baptizo* is the fairest, fullest, and, we think, the best, we have ever seen. It puts the humblest English reader upon the shoulders of all the learned, and enables him to see as far into the matter as the learned themselves can.

It ought to be put into a cheap book by itself, so that it can be circulated everywhere. It will certainly, with all candid people, be an end of the controversy on the meaning of that word: it will enable the preachers to end the controversy shortly. It is truly a master-piece.

From the Christian Era, Boston, Mass.

The Appendix, on the MEANING AND USE OF BAPTIZEIN, is the most exhaustive and condensed exhibition of the historical and critical argument for immersion on philological grounds, ever produced.

It is a critical Thesaurus, exhausting the resources of profane and ecclesiastical literature on this topic.

From the Witness, Indianapolis, Ind.

The Dissertation, showing that *baptizein* means *only* and *always to immerse*, is certainly one of great ability and research. The work rises above all sectarian prejudice. The issues are now put on a fair and firm basis. No doubt can be entertained by any one, any longer, that *baptizein* means, and *only* means, *to immerse*. We commend this work to the careful examination of all. Let those who sprinkle and pour for baptism, look well to this work. If you can take away the facts, do it.

Publications of the American Bible Union,

350 Broome Street, New York.

BAPTIZEIN.

From the Morning Star, Dover, N. H.

The Appendix furnishes a most valuable treasury of argument on the baptismal question. Such a review ought to settle this great question with all candid minds.

From the Christian Herald, Detroit, Mich.

This is a magnificent effort, on the part of Dr. Conant, worthy to be his monument, and must go far toward settling the controversy about the meaning of the word.

From the Mississippi Baptist, Jackson, Miss.

This Appendix gives the result of many years' research, and exhibits an amount of learning and scholarly ability in the collation of authorities that must command the admiration and respect of scholars throughout the world.

From the Christian Visitor, St. John, N. B.

Immerse, instead of *baptize*, is the change (in the proposed revision of Matthew) which, above all others, will call forth remark. But in an Appendix, luminous on every page with extended critical research, the Author (Dr. Conant) shows his authority for this change, and by evidence, the most conclusive, establishes the correctness of his position, and puts the question relating to the true signification of the original word *baptizein* to rest forever.

This Appendix alone is worth, to the Church of God, all that the Bible Union has cost in the shape of toil and money from the beginning to the present hour.

From the Christian Union, Louisville, Ky.

This is, by far, the ablest investigation of the Greek word, from which we get the English word *baptism*, that has ever been published.

From the Gospel Herald, London, England.

The Appendix proves by evidence more elaborate, in some respects, than has ever yet been given, that the meaning of the Greek word BAPTIZEIN is *immerse*, that this is its only import, and that fidelity requires it to be translated, and not transferred.

From the Mich. Christian Herald, Detroit, Mich.

The Appendix to Matthew's Gospel must stand an imperishable monument to the thorough research and accurate learning of the author.

From Zion's Advocate, Portland, Me.

There is one thing which must commend it—the reviser's bold treatment of the word baptize—sustained in an Appendix, in which every known instance of the use of the word baptize, by Greek authors, is considered.

Dr. Conant has thrown down the gauntlet. The question is before the world. If no reply is made, the question will be settled, settled once and forever.

From the Missouri Baptist, St. Louis, Mo.

Reader, do you wish to know, beyond doubt, what the apostles did when they baptized the people? Read this *Appendix*. Have you any curiosity to see the most chaste, comprehensive, and learned production of any age upon this subject? Read it. Would you like to examine over 220 Greek quotations, and a few from the Latin, with a reference or two to the Oriental and Teutonic? Here you have them, and all translated. Would you like to hear the voice of the classic, and the Greek of the common and of the religious life; the voice of early translations and of later ones; the voice of all Christendom for 1300 years; and the voice of scholars, of different ages and communions, upon the meaning and use of *baptizein?* Bend your ear to these clear-speaking, full-toned pages, and you can enjoy that pleasure.

MATTHEW REVISED,

WITH BAPTIZEIN AS AN APPENDIX.

A quarto volume of about 300 pages, equal to nearly 600 ordinary octavo pages. Containing the Common Version, Greek Text, Revised Version, and Philological Notes. Price, sent by mail, $1.50.

From the Christian Review, N. Y.

This volume comes to us under the auspices of a Society of large membership and considerable power, and from the hand of a reviser of acknowledged scholarship. In no modern revision of the English Scriptures that has come to our knowledge, has there been so much of thoroughness. Evidences appear in every page of a scholarship comprehensive, patient, and enthusiastic. The reviser appears to have refrained, conscientiously and religiously, from introducing a single change that did not seem to himself to be demanded by fidelity to the original text, or by the requirements of English idiom. We have not detected a single expression in the revision of the twenty-eight chapters of this Gospel, that does not appear to have been most painfully selected as the one that, *in the judgment of the reviser*, was most precisely fitted to express the inspired thought of the adopted text.

From the Southern Baptist Review, Tenn.

This Revised Version is, in many respects, superior to the Common Version. The foot-notes are, in the main, judicious, and indicative of the author's qualifications for his work. Dr. Conant is the very man whose heart is inaccessible to the influence of sectarian considerations.

From the Christian Record, Ind.

The learning, research, and literary taste of Dr. Conant, are not to be questioned. If there were no other evidence, his recent labors for the American Bible Union would afford sufficient proof that he possesses all these qualifications for a reviser or translator in an eminent degree.

We do most heartily thank God for what has been accomplished, and we do most sincerely think that there is nothing to be desired more than a simple, faithful, pure translation of the word of God, into our own noble and almost universal language. We understand this to be the object of the American Bible Union. And we believe that every lover of the truth will hail with pleasure any and every effort that may be put forth in this direction; and not only so, but earnestly pray to God for success.

From the Christian Times, Chicago, Ill.

We are free to say that we esteem it (the revision), in the main, a decided improvement on the old one. It brings out, in numerous instances, the sense of the original with a beauty and a force that almost take one by surprise. We are truly happy to place it on our shelves, as a tribute of American scholarship to sacred learning, and a most valuable help to the study of this portion of the New Testament.

From the Biblical Recorder, Raleigh, N. C.

The reviser is generally admitted to be among the first Hebrew and Greek scholars now living. His revision of Job has "won golden opinions" from the public press. The present work is destined to excite no little interest, and receive many a searching investigation. A full examination of the revision and notes was a work of weeks, instead of a few hours, even for a competent scholar.

We commend the whole volume to the careful study of all scholars.

From the Christian Union, Louisville, Ky.

This revision is one of the finest monuments of Biblical learning ever erected. The more we examine it, the higher it rises in our estimation. The industry of the reviser, his extraordinary collation of authorities, the remarkable learning and scholarly skill exhibited in every page, stamps this revision as one of the great works of this century.

MATTHEW REVISED.

From the Morning Star, Dover, N. H.

Having used this volume in connection with the exercises of our class in the Greek Testament during the past term, we cheerfully give it a high commendation. We are especially pleased with the fidelity to the original, the accuracy and beauty of the Revised Version. The work must have cost immense labor, and exhibits throughout a marked success. If this may be regarded as a specimen of the Bible Union's great undertaking, the whole will be welcomed with great favor by the Christian public.

From the Christian Visitor, St. John, N. B.

All who examine the work will agree that it is, in all respects, a scholarly production of the very first grade.

From the Christian Freeman, Jacksonville, Ill.

Dr. Conant is an eminent member of the Final Committee, and this fruit of his labor possesses so many evidences of high scholarship and good taste, that we accept it as a flattering assurance of what the final work is to be.

From the Witness, Indianapolis, Ind.

This book was assigned to Dr. Conant, and has been executed by him. As to his ability and scholarship and honesty as a Christian man, we need not speak. He has done his work on this with great care and evident ability.

From the Banner and Baptist, Atlanta, Ga.

This is the *best* production which we have received from the Bible Union Rooms, although we have previously received many valuable documents.

From the American Christian Review, Cincinnati, O.

We are highly delighted with a large portion of his [Dr. Conant's] work. Indeed, the production is worth to the world all the funds we, as a brotherhood, have ever contributed to the Union.

From the Christian Herald, Detroit, Mich.

We have not a particle of doubt but that Dr. Conant has given us the most accurate version of Matthew in existence, and which will be hailed with great satisfaction, both by the learned scholars of the day, and by the common reader of the Scriptures.

From the American Baptist, New York.

The publication of this volume will do much to relieve the alarm of those who feared that their old-fashioned Bible was to be so changed that they could scarcely recognize it. The caution with which the reviser has introduced his emendations will secure favor for the volume.

From the Christian Era, Boston, Mass.

The revision of the Gospel of Matthew evinces great research, and marked candor. We have been struck with the generally terse and felicitous diction which it employs.

From the Home Mission Record, New York.

The Revised Version seems to have been executed with great care and fidelity. Comparatively few changes have been made, and those only where there seemed good and sufficient reason for making them.

From the New York Chronicle, New York.

The more it is examined, the more its profound scholarship and masterly research will appear.

From the Gospel Herald, London, England.

Among the valuable works which this Society (the American Bible Union) is publishing, none exceeds in interest "The Gospel of Matthew," by Dr. T. J. Conant. Such works, independently of being preparatory to so important a work as a revised translation for common use, are valuable additions to Biblical literature.

MATTHEW REVISED.

From Zion's Advocate, Portland, Me.

Of the manner in which Prof. Conant has done his work, we need, perhaps, say but little. His reputation as a Biblical scholar is well established, and but few men would be willing to urge their own opinions, with much confidence, against his, on a question of philology.

From the True Union, Baltimore, Md.

It is the production of a profound scholar; and, irrespective of its ultimate design, will be found a valuable work. The reviser keeps as closely as practicable to the Common Version, and retains, as much as possible, the fine old Saxon idiom.

From the Western Recorder, Louisville, Ky.

There is hardly a possibility of any further material improvement. Every page, every chapter, every verse, every word, every point, bears the impress of the most scrupulous care, and the most perfect human accuracy.

From the Journal and Messenger, Cincinnati, Ohio.

The plan which Dr. Conant proposes is the right one. We think that he has been generally successful in accomplishing his object, so far as we have been able to judge.

From the Plumas Standard, Quincy, California.

The reviser is Prof. T. J. Conant, whose reputation as a scholar is co-extensive with the world of education. This revision of Matthew, like all that comes from his pen, evinces a depth of erudition and careful research, such as few scholars in this age have attained. Where any departure is made from King James' Version, the reasons are given. The reviser has shown, not only a perfect command of our noble language, but a wonderful knowledge of the philology and customs of the ancients.

From J. H. Raymond, LL.D., President of the Polytechnic Collegiate Institute, N. Y.

This revision is made, throughout, in the Catholic spirit of a true scholar, who concerns himself not at all with questions of importance or unimportance, with moral or doctrinal, or ecclesiastical bearings, but simply and solely with the question of *accuracy*—who keeps steadily in view the two only questions pertinent to his work:

1. What is the true Greek to be Englished?
2. What is the true English for that Greek?

Dr. Conant follows the testimony of the *most ancient* witnesses, *i. e.*, of the oldest manuscripts and versions now extant, and the citations of Scripture found in the earliest Christian writings that have come down to us.

It is such a work as scholars love to look upon.

From Rev. George J. Johnson, Fort Madison, Iowa.

I have read the revised version of Matthew through twice, and am gratified with the book beyond measure. You know I have never been any kind of a friend to the Bible Union, and still have no faith in the general success of its undertaking. But I must acknowledge that if the Union shall never do any more, to have produced such a work as this now before me is not laboring for naught: it is so far a glorious success. I shall not attempt to review the revision critically, but will say this—So far as I can judge, it is faithful and elegant, and in many respects an improvement on the old version.

From Rev. Henry A. Hart, Maine.

I have been, heretofore, neither a friend nor a foe of the Bible Union. I have felt but little interest in the matter, and have not cared even to form an opinion. But since reading a copy of Conant's Revision of Matthew, I have changed my grounds. I am ready to take sides with the Union.

MATTHEW REVISED.

From the Christian Union, Louisville, Ky.

We speak upon an extended experience, when we say, that never before has any English reader come as near the light that beamed from Matthew's Gospel upon the minds of those for whom it was originally written, as in this revision. The mere English reader may learn now from Matthew, what the scholar learns by much painstaking from Lachmann, Tregelles, Tischendorf, and Alford. This revision of Matthew is a monument of Biblical learning, of critical skill, of faithful and pious effort to give the English reader as perfect an idea of what the Holy Spirit said through this evangelist, as the original Greek readers had.

From the Freewill Quarterly.

The appearance of this Gospel by Matthew marks an era in the history and work of the Union. The revision generally shows great labor and care, and unquestionably brings us, in not a few instances, much nearer to the centre of the writer's thought and the great Spirit's lips. We can not help commending the manifest impartiality and conscientious scholarship of the translator. His motto seems to be—*Nothing to prejudice; every thing to truth.*

From the New Church Quarterly (Swedenborgian).

This new translation will be of extreme value, as embodying the results of the latest researches in Biblical learning, and, by the discussions it will provoke, can not fail to settle the truth, on points now involved in obscurity. We presume from Dr. Conant's acknowledged ability and painstaking scholarship the emendations it will require, will not be very important. We hope that all our readers who have any taste for the work will procure a copy of this book.

From the Advent Herald, Boston, Mass.

We hail every effort to perfect the rendering of the original Scriptures into our English tongue. The critical notes accompanying this work are invaluable.

From Zion's Advocate, Portland, Me.

Of the corrections of Bagster's edition of the Greek text, made by Dr. Conant, *Zion's Advocate* says,

Many, perhaps all, the omissions recommended, would be confirmed by the best authorities. In the New Version, the proper names are given as they are in the Old Testament. Words, whose meaning has changed, are replaced by others expressing the thought exactly and intelligibly. Ungrammatical expressions are corrected. Certainly, no one can object to eliminating from the Bible what we would not allow in a child's composition. Inexact translation, and faulty expressions are corrected. Surely, no one will object to having the exact sense of the original expressed in simple and intelligent language. Very many passages have been greatly improved, and these improvements were absolutely demanded.

From the Missouri Baptist, St. Louis, Mo.

The work will command respect.
Every page of it bears the impress of scholarship.
It will give satisfaction.
The mind of the Spirit is made clear and plain.
The notes are brief, clear, and to the point.

From the Mich. Christian Herald, Detroit, Mich.

It has been with mingled pleasure and profit that, for the last two months, we have, almost daily, examined a portion of Dr. Conant's Revision of Matthew; and, having finished it, we rise from our task with the conviction that it is, beyond all question, the best revision of Matthew's Gospel ever made in English.

MARK REVISED.

This volume contains the Greek Text of Mark's Gospel, the Common Version, and the Revised Version, with Critical and Philological Notes. It makes a handsome quarto volume, equal to about 300 ordinary octavo pages. Price, sent by mail, 80 cts.

From the Christian Herald, Mich.

We have not failed to notice in the revision, in many places, a more felicitous, and in others, a far more accurate rendering of the original, the effect of which is to make the passages more intelligible to the general reader.

From the True Union, Md.

From a glance at its numerous criticisms and general appearance, we can but regard it as a valuable contribution to Biblical learning, and a sincere effort to obtain a pure version of the sacred Scriptures.

From the Christian Era, Mass.

There seems to have been great care used, and as far as we have been able to give any attention to it, we should judge the revision had been exceedingly thorough and judicious.

From the Louisiana Baptist, La.

The Version is a great improvement on that in common use.

From the Carolina Baptist, N. C.

The work is well executed, and the changes, for all of which authors are cited, are, in our estimation, decided improvements.

From the Daily Times, Ill.

The manner in which this revision is published, is certainly fair, to say the least. No scholar can fail to see that the translation is made with great carefulness. The typographical execution of the work is beautiful.

From the Christian Review, N. Y.

We regard it as an excellent peculiarity of this work, that it does not seem to seek unnecessary changes. We can not doubt that this and similar works will ultimately promote the cause of Biblical learning.

From Rev. Jesse Hartwell, D.D.

I am much pleased with the revision of Mark. None will hesitate to say it is a *great improvement.* Is the reviser not to be known? I should like to know his name and denomination. I am deeply interested in the work of revision. I hope the Lord will bless and direct those engaged in it.

From the Illinois Baptist, Ill.

The more we see of this important work, the greater are our anxieties to see the whole.

From Zion's Advocate, Me.

The whole Bible printed in this style, with marginal readings, embodying the results of great research, will be of great value to Biblical students.

From the Religious Herald, Va.

It bears traces of a hand free from the rashness which multiplies unnecessary changes, and the timidity which withholds changes for the better.

LUKE REVISED.

A volume of nearly 300 quarto pages. It contains the Greek Text, Common Version, and the Revised Version, with numerous Critical and Philological Notes. Price, sent by mail, $1.50.

From the American Christian Review, O.

The revision with the notes shows a vast amount of labor. It is a valuable production, indeed.

From the American Baptist, N. Y.

The alterations are comparatively few, but are made with judgment and care.

From the American Sentinel, Me.

The *Bible Union Reporter*, containing portions of the new translation of Luke, we commend to the notice of our readers.

From the Lousiania Baptist, La.

Of the revision of Luke, xi., 33-36, the editor says: This is certainly a great improvement in translation, making the figure intelligible and very beautiful to every reader.

From the Boston Recorder, Mass.

This work of retranslating the Sacred Scriptures is steadily going forward.

From the Correspondent, Ala.

We have read some of these chapters with interest, and in the main with our hearty approval.

From the Bible Union Quarterly, N. Y.

The Committee appointed by the Bible Union to examine the Revision of Luke's Gospel report that: Its author has consulted a wide range of authorities, and has supported his departures from the Common Version, by much learning and a discriminating judgment. The style is easy, simple, and perspicuous. We admire the fidelity with which he adheres to the Common Version, where it can be done with justice to the original.

The Committee considers it superior to that version in the following particulars, not to mention others:

1. Accurate rendering of the inspired original. 2. Its style is more in harmony with modern usage. 3. The collocation is in many places much better. 4. It is more grammatically accurate. 5. It is in many places much more perspicuous.—P. Church, D.D., *Chairman*.

From the Chicago Daily Times, Ill.

This paper says of the primary revision of Mark and Luke: We have here two quarto volumes, containing the two gospels indicated above, in the original Greek text, the Common English version, and the new and revised translation. We can not speak in too high terms of the faithful and conscientious manner in which the American Bible Union are fulfilling their mission, of giving to the world this new version of the Holy Scriptures. The work of translation is being performed by a number of the most eminent and profound Greek and Hebrew scholars, men whose scholastic attainments and deep erudition make them infinitely superior to the translators of the old "King James Version," so familiar to us from childhood. No student of the Bible, above all, no clergyman or minister, should be without these admirable translations of the gospels.

Publications of the American Bible Union,

ACTS OF THE APOSTLES.

This book is second in size of the books of the New Testament. The preliminary revision occupied a long time in its preparation, and was a work of great labor. Much light is thrown by it upon many dark and difficult passages. It will abundantly repay a careful perusal.

It contains the Greek Text, the Common Version, and the Revised Version, with Critical and Philological Notes. Price, sent by mail, $1.25.

From Challen's Monthly, Pa.

This large quarto so long and anxiously expected, has just issued from the press of the American Bible Union, and will be read with much interest.

More than ordinary care has been bestowed upon it.

The beautiful simplicity and historical truthfulness of Luke, in the original records of the planting and successful establishment of the Church of Christ, have been admirably translated into our language in this invaluable offering of the Board of the American Bible Union; and we accept it with peculiar satisfaction and pleasure. There is much in this translation which will solicit the earnest and, we trust, faithful criticism of the learned, and we doubt not but that it will pass through the fiery ordeal without much loss.

From the Christian Union, Ky.

Speaking of the revision of Acts and other portions issued in one volume, the editor says: "It contains some of the most valuable contributions ever made to Biblical science, and well deserves to be assiduously studied by all who wish to know what God has said to mankind."

From the Bible Union Quarterly, N. Y.

We take pleasure in adding that there is a great demand for this work, which increases as it is circulated.

From the Religious Herald, Va.

There are some notes of value; indicating correct opinions and large views, and a diligence of *collation* that is really wonderful and highly commendable.

From the New York Chronicle, N. Y.

This work is now before us. It is a beautifully bound quarto volume. The work has been prosecuted with an intense desire to make a faithful and perspicuous translation of the words of inspiration.

From the American Baptist, N. Y.

The most simple and appropriate terms to give expression to the meaning of the original, and every effort has been employed to make the ordinary reader acquainted with the mind of the Holy Spirit.

From the Chicago Daily Times, Ill.

It ought to receive the candid examination of all Biblical scholars. The typographical execution of the work is worthy of the highest praise.

From the Christian Index, Ga.

We accord to the reviser an extent of historical and philological knowledge which entitles his revision to a candid but fair criticism.

From the American Christian Review, O.

The Bible Union is furnishing work for critics. The simple aim of the Bible Union is to give to the world as pure a version as possible

1 AND 2 TIMOTHY.

This volume contains the Greek Text, the Common Version, and the Revised Version of Paul's First and Second Letters to Timothy, with Critical and Philological Notes. Price, sent by mail, 60 cents.

From the Standard, Nashville, Tenn.

The revision is executed in a spirit of judicious and conservative scholarship. We can highly commend it.

One of the most noticeable features of this new version of Timothy, is the few changes that are made.

Quite a number of important changes in phraseology have, however, been introduced. The reader of the New Version will miss the words "church," "bishop," and other such ecclesiastical terms; and in their places he will find "congregation" and "overseer."

We have "love" in the place of "charity;" "demons" for "devils;" "appointed" for "ordained;" "silly fables" for "old wive's fables;" and many others which might be enumerated, and which commend themselves to the common reader no less than to the scholar and the critic.

---

1 AND 2 THESSALONIANS.

This volume contains the Greek Text, the Common Version, and the Revised Version of Paul's First and Second Letters to the Thessalonians, with Critical and Philological Notes. Price, sent by mail, 60 cts.

From the Christian Times, London.

This is a handsome thin quarto. The revised version is executed with great care, and if it were proposed to substitute it for the common English version, we should not entertain any insuperable repugnance.

From the Christian Repository, O.

One object of this publication is to invite the criticism of scholars, and to them it has a special value. But we can heartily recommend it to all; for, if the reader does not understand the original, the new version will often help him to gather the meaning of the old version.

EPHESIANS.

This book contains the Greek Text, the Common Version, and the Revised Version of Paul's Letter to the Ephesians, with Critical and Philological Notes. Price, sent by mail, 50 cts.

From the Christian Repository, O.

The Revised Version in many places is doubtless better than the Common Version. We hope to have the Bible in this form, and we will certainly prize it very highly. It is all that could be desired in typography. We never saw the Greek Text in such beautiful, large, clear type.

Publications of the American Bible Union,

PHILEMON.

A small volume, containing the Greek Text, the Common Version, and the Revised Version, with Critical and Philological Notes. This work is issued in quarto form, and also in a small pocket edition. Price, bound and sent by mail, 25 cts.

We think it a masterly and scholarly production.—*From the True Union, Md.*

It is a model for works of its kind.—*From the N. Y. Chronicle.*

From the Daily News, N. Y.

The proposed version, from the pen of Dr. Hackett, reflects great credit on his learning, critical acumen, and fine taste.

From the American Christian Review, O.

It is a very creditable production, and seems to be the fruit of much reading and a close study of the original. It bears the impress of an independent thinker.

From the Presbyter, Cincinnati, O.

We took our leisure to examine this little volume with some care, which has resulted in entire satisfaction with the author's labors.

From the Journal of Commerce, N. Y.

As a general remark, Prof Hackett adheres more rigidly to the literality of the original, than does the received version.

From the Independent, N. Y.

The work furnishes abundant proof of the author's accurate scholarship, exegetical insight, sober judgment, and carefulness to avoid rash and doubtful changes.

From the Boston Recorder, Mass.

We have examined with some care this production of one of our most careful and reliable Biblical scholars. We understand this important epistle better than before.

From the Methodist Protestant, Md.

This book is beautifully printed. The revision is from the pen of Dr. Hackett.

From the Christian Review, N. Y.

It bears on every page the impress of his (Dr. Hackett's) exact learning, cultivated taste, sound judgment, and nice philological tact.

From the Watchman and Reflector, Mass.

The superior merits of Dr. Hackett as an exegete are too well known to need any public commendation. He loves the Bible as the true word of God, and holds strongly to the broadest, deepest, and most spiritual views of divine truth. His judgment is cautious, sound, and clear; his philological acquirements are extensive and accurate; his taste is admirable. The work is a real gem of art.

From the Mississippi Baptist, Miss.

This is the completest work I have ever seen. It comes nearer giving the Greek idea in English than any of the revisions with which I have met.—*J. A. Oliver.*

From the Biblical Recorder, N C.

The work of Prof. Hackett is well done, and the volume is deeply interesting.

From the Western Watchman, Mo.

This volume, just issued by the American Bible Union, is from the hands of one of the most accomplished Biblical critics of the present day.

HEBREWS REVISED.

A quarto volume, containing the Greek Text, the Common Version, and the Revised Version, with Critical and Philological Notes. Price, sent by mail, 70 cents.

From the Christian Review, New York.

We should be false to our convictions not to say that it is a great improvement on the Common Version. There has been no wanton or unnecessary tampering with the good old English of the Book so embalmed in the most sacred recesses of millions of Christian hearts.

From the Ladies' Christian Annual, Pa.

We accept, with special favor, this invaluable addition to the works already issued by the press in the employ of the American Bible Union.

From the American Sentinel, Me.

In some respects we think the translation superior to the Common Version. To all it will prove useful.

From the Southern Baptist, Tenn.

As it appeared in monthly parts, we noticed that it was highly commended for its fidelity to the original, and for its simple and pure English style. The Bible Union, in New York, is still continuing to progress in its work.

From the Christian Herald, Mich.

We have read the translation with much interest.

The English reader will discover a clearness, beauty, and logical force in the letter to the Hebrews, as it is here rendered, which he has not seen before.

From the Christian Secretary, Conn.

The Epistle to the Hebrews is received from the press of the Bible Union, in the style of their former issues. So far as we have examined this specimen, we like it

From the Israelite, O.

The Bible Society of New York has sent us a splendid copy of their edition of the Hebrew text of Job, and the new version of The Epistle to the Hebrews. The former is the most splendid edition of Hebrew Scripture we have seen in this country, and we accept it with many thanks.

From the Christian Ambassador, New York.

The typographical execution is excellent. The Text-Book in Greek and English is beautifully distinct, and the notes are in a plain type. Few editions of the Bible have been more handsomely printed, or on better paper.

From the New York Chronicle, N. Y.

It is believed to be among the choicest of the preliminary revisions yet put forth by the American Bible Union.

From the Knoxville Republican, Ill.

We thank the Union for the Biblical treat we have enjoyed. We invite all candid, Bible-loving men to read and carefully examine and compare this work with the common translation.

Between sixty and seventy versions and works of criticism, are quoted, as sustaining the changes made, and as helps to the critical reader, to enable him to determine for himself the propriety of these changes.

HEBREWS REVISED.

From the Millennial Harbinger, Va.

We have hastily examined every page of it, and pronounce it to be a careful, learned, and greatly improved version of the second greatest epistle ever written by the greatest apostle, the most learned writer, as well as the largest author of the Christian Scriptures.

From the Illinois Baptist, Ill.

Its exact faithfulness to the original text, its pure vernacular English, as used by our best writers and speakers, and its tender regard for the commonly-received version, are strikingly manifest in each chapter and verse; rendering it not only a living epistle, full of the pure words of inspiration, clothed in the familiar phraseology of the Family Bible, but also a work of the most superior literary merit.

No one can compare the Revised Version with the Greek, and with King James' Version, without being forcibly struck with its great superiority, both in faithfulness and diction.

The critical notes of the reviser are almost invaluable to the Biblical student.

From the American Baptist, New York.

Having compared it with the common translation, we now feel prepared to say that it is a very decided improvement on the version of King James.

From the Biblical Recorder, N. C.

The new translation is a decided improvement of the Common Version. It is better English. It is, in several instances at least, more faithful to the original, and it renders the meaning of some passages much more perspicuous.

From the N. W. Christian Review, O.

We think that even the superficial reader can not fail to discover a manifest improvement on the authorized version of King James. To the scholar and theologian it must commend itself for the purity and clearness of its diction, and the faithfulness of its version, and, to the classical character, for its notes.

From the Commission, Va.

We have not had time to examine it, and can only, therefore, commend the mechanical execution. The publications of the Union are beautiful specimens of typography.

We feel an increasing conviction that the work they have undertaken will, ultimately, be well done. We are always glad to receive their publications.

From the Mountain Messenger, Va.

We do not feel qualified to *criticise* this work, but, no doubt, it will undergo the careful scrutiny of profound scholars, in this and other lands, before it is published as a finality.

From the True Union, Md.

There is no attempt to depart from the *style* of the old version apparently for the sake of differing; no introduction of words of Latin origin, merely to supplant those of the Saxon stock.

From the Western Recorder, Ky.

Seldom have we read a work with so much real pleasure and profound gratitude.

From the Masonic Review, O.

No one can read it without being highly gratified with the beauty and force of the English used.

The religious public have nothing to fear from a *thorough* revision of the *translation* of the Sacred Scriptures by competent and God-fearing men. We wish the Union success; for we believe their aims are pure, and the object commendable.

DOCUMENTARY HISTORY OF THE AMERICAN BIBLE UNION,

Consisting of the reprint of its Constitution, Annual Reports, Quarterly Papers, Select Addresses, Tracts, etc., etc., in the form of the *Bible Union Quarterly*, the official organ of the American Bible Union, edited by Wm. H. Wyckoff, Corresponding Secretary, and C. A. Buckbee, Recording Secretary. The first three volumes complete, from the organization, in 1850, to 1860. Each volume contains over five hundred octavo pages. Volume one contains a beautiful steel engraved likeness of Rev. S. H. Cone, D.D., first President. Volume two contains one of Rev. Thomas Armitage, D.D., the present President, and volume three, one of the Corresponding Secretary, Wm. H. Wyckoff. Price, for each volume, sent by mail, $1.50.

From the Western Recorder, Ky.

The first two volumes contain a complete documentary history of the Union up to the close of 1856. The first volume contains an admirable likeness of Dr. Cone, the first President of the Society, and the second volume, one of Dr. Armitage, both from steel engravings in the best style of the art.

From the Christian Union, Ky.

Volume second is received. It is a beautiful book. We commend it to the perusal of all who love the cause of revision. They will acquire much useful knowledge, in relation to the Bible Union enterprise, by the diligent perusal of this volume.

From the True Union, Md.

Of the second volume, the editor says: This is an elegant volume, containing the documentary history of the Bible Union. It will be found deeply interesting to all those who desire to see a pure version of the Sacred Scriptures. An additional attraction to the volume is a beautiful engraving of the President, Rev. Thomas Armitage, D.D. We commend the volume to all our readers.

From the Bible Union Quarterly, N. Y.

The third volume of the Documentary History is now complete, bringing down the history, in the *Quarterly* form, to 1860. Whoever wishes to know all that the Bible Union has done, and the reasons for it, must study these volumes. They comprise facts and arguments, plans and proceedings, with which every friend of the cause ought to be familiar.

It will convince every one who reads these volumes, that the managers of the Bible Union have pursued a uniform, undeviating course, from the commencement of the enterprise, and have sought out and prosecuted the best possible measures to secure a most pure and faithful version of the word of God.

From the Christian Pleader, Sydney, Australia.

There is one piece of information which may be interesting to our readers. The most spiritual notion of their work is entertained by the conductors of the Union. The history of their enterprise and the manner in which they have conducted it will hereafter marvelously illustrate the power of prayer and faith. Nor can we doubt that this effort will mightily contribute to the glory of the latter days, and to the absolute overthrow of Satan and Antichrist.
